These rights include being exclusively sanctioned along with others so qualified by TTQP & STQP to perform sampling, testing, and reporting of test results for quality control and quality assurance programs. These responsibilities include performing and reporting tests with the accuracy and precision expected of the Sampler/Tester in accordance with the required test procedures. By signing this document the Sampler/Tester agrees to abide by all of the terms of the WAQTC TTQP & ITD's STQP included in the Registration, Policies, & Information Handbook and as set forth by the Idaho Transportation Department.

Further clarification on Neglect, Abuse, Revocation, Suspension, & Denial of Qualification are located in the Registration, Policies and Information Handbook issued by ITD.

Findings of negligence or abuse by Idaho Transportation Department (ITD) employees will result in the institution of disciplinary proceedings. This disciplinary proceeding may result in actions up to, and including, termination, as outlined in the ITD's Employee Policy & Procedure Handbook.

The Technician should also be aware that both State and Federal laws may govern construction projects, including Title 18, United States Code, Section 1020, that in brief states that anyone making falsifications on Federal-aid projects,
